As the intention was to treat the allce as a personal allce,

(1) it should be included in the calculation of average salary or half average salary payable during furlo.

(2) it should be treated as one year for purpose of Europe family accommodation

& (3). it should be taken into acct in calculating the average emoluments for pension. But its inclusion may not entitle an officer to pension as the max^m pension is fixed except in case

Letter dated 17th November 1925, from Prof.F.R.Sell,M.A., Central College, Bangalore, to the Registrar, Mysore University, Mysore.

Will you kindly put the following points before the Vice-Chancellor?

The personal allowance(absorbable) recently granted to Dr.Usher and myself has been changed into a special allowance (absorbable). Now in Section 24,Mysore Civil Service Regulations, we find that a special allowance is not governed by any definition. Important questions are involved as follows:

(i) Will this allowance be paid according to the rules of average salary on furlough?

(ii) Will it be treated as one's pay for purposes of Europe Family Remittance?

(iii) Will it in case of need, count towards Pension?

This matter is urgent for me as I am intending taking furlough next Spring. I may point out that as we still have to find our own passages and the passages for wife and children it will be a very serious loss to us if this special allowance is docked entirely during furloughs. It is no easy matter in these days for us to take furloughs or to live on half-pay at home. When I calculated how long I could afford to ask, for I was calculating on the allowance as a personal allowance which indeed it was at the time of my request. It will be the irony of fate if I should have to curtail my leave home when the chances of seeing my children are so few and far between. I am sure Dr.Seal will view the matter sympathetically and press upon Government our claims for generous treatment herein.
